Cosmic Crunch is an out-of-this-world typeface handcrafted from marbled Trix cereal! Every letter transforms into a colorful little solar system filled with vibrant cereal planets, bursting with swirled textures, nostalgic charm, and galactic fun. This playful font is ready to launch your designs into another galaxy!

Perfect for party invitations, kids' projects, classroom decorations, and any creation that's hungry for a stellar dose of personality. It's also a great choice for teachers creating space-themed lesson plans, educational worksheets, bulletin boards, and classroom activities that spark students' imaginations. **Take a bite out of the cosmos with Cosmic Crunch!**

You are allowed to:

- Use the font in personal or commercial designs
- Modify or adapt the font for creative use
- Include the font in artwork, branding, and digital/physical products

You are not allowed to:

- Sell or redistribute the font file as-is
- Claim the font as your own original work

Cosmic Crunch is a bitmap-style font. It is best suited for small-format designs such as graphics, logos, and digital artwork. Due to its raster nature, it may not scale cleanly to large sizes and is not recommended for large-format applications. This font is provided "as is" without warranty of any kind. **Attribution is not required, but always appreciated.**
