ABOUT 🐠

Dive into Water Wave, an underwater-inspired typeface that's making a splash! Each bubbly letter is crafted from real underwater photography, featuring bright aqua tones, shimmering light, and crystal-clear ocean vibes. Created for those who love the energy of the ocean, the fun of swimming, and long days by the pool, this font is packed with personality—from coral and seashell accents to floating bubbles hidden throughout the character set.

Perfect for beach parties, summer designs, kids' projects, nautical themes, invitations, and anything that calls for an ocean of fun. Water Wave brings the sea straight to your screen—no snorkel required!

USAGE ✨

Water Wave is a bitmap-style font. It is best suited for small-format designs such as graphics, logos, and digital artwork. Due to its raster nature, it may not scale cleanly to large sizes and is not recommended for large-format applications. This font is provided “as is” without warranty of any kind. Attribution is not required, but always appreciated.
